Joining the Kingdom Network

Thank you for your interest in the Kingdom Network. This document serves several purposes:

- 1) It lays out the process of joining the Kingdom Network
- 2) It begins the conversation between us and your church concerning what partnering together might look like; and
- 3) This document gives you a chance to engage our values and consider how your church might fit as a Kingdom Network church.

As we work through this process together, we will be praying for God's direction for your church and for the Network. We ask that you be praying as well.

Process for Joining the Kingdom Network

1. When an interested church reaches out to the Network, a member of the Kingdom Network Executive Team will reach out to the pastor/leader(s) for an initial conversation. To prepare for this conversation the Network encourages churches to carefully review the "Kingdom Network Bylaws" and the "Rules of Church Order for the Kingdom Network" which can be found on the Kingdom Network website.
2. After this initial conversation, the church and the Kingdom Network will decide whether or not to move forward to the next step. If we agree to move forward, the church will be asked to complete the application form below.
3. As you consider becoming a part of the Kingdom Network, here are some important things to consider:
 - a. If your church is in one of the existing Regions of the Kingdom Network (see "Partner Churches" on the website) you would become a part of that Region.
 - b. If you are outside of one of the existing Regions of the Kingdom Network, we would ask that you find a minimum of two other churches in your area who could join your church to form a Regional Network of Kingdom Network churches in your area. This allows local opportunities for support, accountability and joint ministry in your area.
 - c. Our intention is to have a gathering of all Kingdom Network churches from around the country at least every two years. The goal of this gathering will be inspiration, connection, collaboration, celebration, and initiating and encouraging kingdom initiatives. It is expected that each Network credentialed pastor and all pastors of Network churches will be a part of this gathering along with key leaders of each church.

- d. Each church in the Network will commit to the values of the Network. Every year pastors, church leadership teams and congregations in the Network will reaffirm their agreement with the center set values of the Kingdom Network.
 - e. One of the core values of our network is church planting. We expect every church and Region to plant churches and/or financially support church planting. Each Region in the Kingdom Network has the ability to collect agreed upon Partnership Support to support the ministry of church planting and other ministries in their Region. For example, the churches in a Regional Network might agree together that Partnership Support for ministry initiatives in their Region will be \$14.50 per member.
 - f. Each church in the Kingdom Network is also asked to contribute Partnership Support for the overall ministry of the Network. For 2025 Partnership Support is \$7.50 per church member. This amount covers administrative expenses of the Network, initiatives of the Network as a whole (e.g. training, equipping events, consulting fees, and perhaps global initiatives) and supports programming expenses for the biennial gathering of the whole Network. So a Regional Network may have total Partnership Support of \$22.00 per church member - \$7.50 for the overall ministry of the Network and \$14.50 for initiatives in their region.
 - g. We expect that each church leaving a denomination or association to become a part of the Network will be working through the required process of withdrawing from that denomination or association.
 - h. The Kingdom Network has received a 501(c)(3) from the Federal government. But it covers only the Network itself, not the churches in the Network. (This is different from the RCA, whose 501(c)(3) included blanket coverage for all RCA churches.) Therefore, churches are encouraged to consider getting their own 501(c)(3).
 - i. As a church you are responsible for your own debt. The Kingdom Network assumes no responsibility for your debt.
4. Once the Kingdom Network has received the church's application to join the Network, we will reach out to the church to set a timeline for moving forward.
 5. The church's application will become the focus of a conversation between the church and the Network. In addition, the church's leadership will be asked to fill out the Kingdom Network Interview Guide to prepare for this conversation. This conversation may take place in person or on Zoom. The goal of this conversation is to ensure that the church and Network are a good fit for each other.
 6. After the interview based on the application, if the Network and church wish to proceed with the process, the Network reserves the right to have two or three leaders from the Network travel to the area churches forming their own Region in the Kingdom Network. It is important to us that we know the pastors, staff members, leaders and church communities desiring to become part of our Network. We also want to make sure that everyone in your church community knows us. The success of our Network is based upon the quality of our relationships.
 7. Following this possible visit and any further conversation, the Network and the church will decide if they wish to join together in ministry. If we move forward, the Network will ask that the church's highest board vote on joining the Network. If appropriate in your context, you may also want your congregation to affirm becoming a part of the Network. The Network will also vote on receiving the church into the Network.

"Churches will be accepted into membership by a two-thirds vote of voting members

present at a stated or other Regional Network session. Ordained pastors petitioning to join the Network will be accepted into membership of the body by a two-thirds vote of the Executive Team of a Regional Network” (Bylaws, Article III, Section B).”

8. If the Network and church agree to join together in ministry, the Network will joyfully welcome the church into the Network and both will formalize the relationship by signing the Kingdom Network Covenant.

Initial Application to Join the Kingdom Network

Church Name: _____

Address: _____

Phone Number: _____ Email: _____

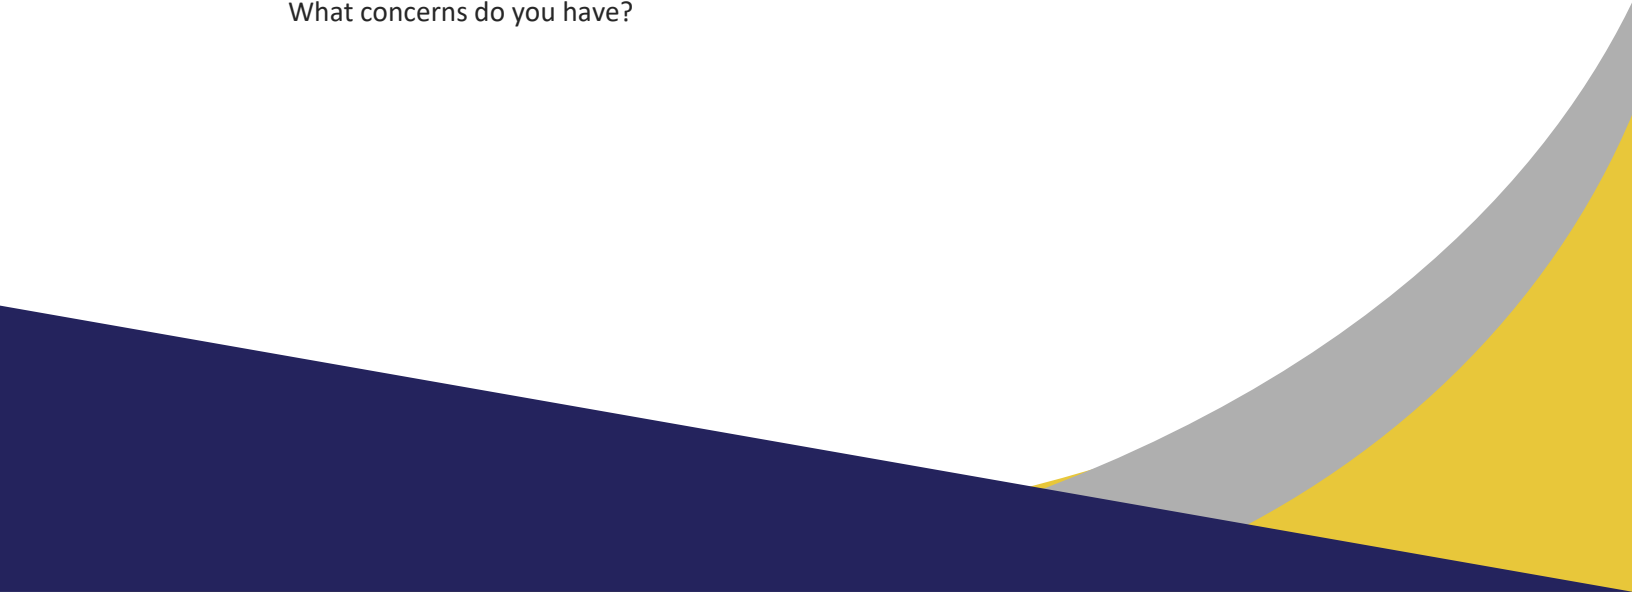

Website: _____

Pastor/Staff Listing - Please provide Name, Position, and phone number and email for each pastor/staff member. Attach additional sheets if necessary.

Leadership Team - Again, please provide name, role, and phone number and email for each person on the Leadership Team. Attach additional sheets if necessary.

Questions:

1. Are you in agreement with the Center's Beliefs and Values of the Kingdom Network? Do you have any concerns about these beliefs or values?
 2. How have you lived out these values in the past - particularly in relationship to church multiplication, making disciples and embodying the "every tribe, tongue and nation" vision of heaven laid out in the book of Revelation? How do you intend to live out these values in the future?
 3. Where do you see God at work in your ministry as a church? What challenges are you facing?
 4. What do you appreciate about the Bylaws and Rules of Church Order for the Kingdom Network? What concerns do you have?
- 

5. If you are outside of the Northwest Indiana/Northeast Illinois Region, have you identified two other churches in your region to be part of the Kingdom Network with you? Who are they?

6. Are your pastor(s), staff, leadership team and congregation united in your desire to join the Kingdom Network?

7. If your church is a part of another denomination or association, are you working through any required process to withdraw from that denomination or association?
